

Employers, take a look here

Subsidies for assistive facilities

What are assistive facilities?

"Improvements to the tools, working environment, equipment, and machinery that restore, maintain, or boost employability."

Directly contact the competent authority of your special municipality or county (city) to apply for a

maximum subsidy of NT\$200,000

for assistive facilities necessary for workers injured in an occupational accident to return to work.

Compiled and printed in January 2026

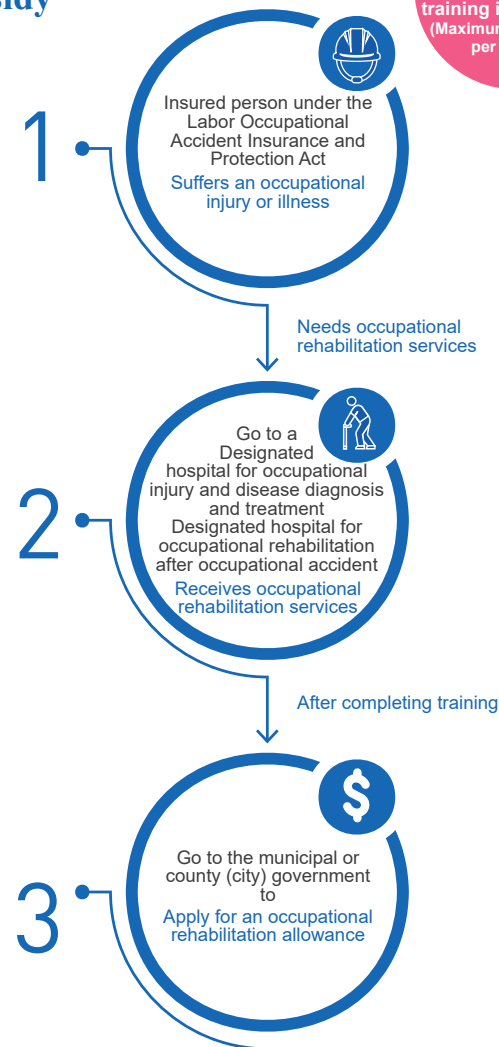

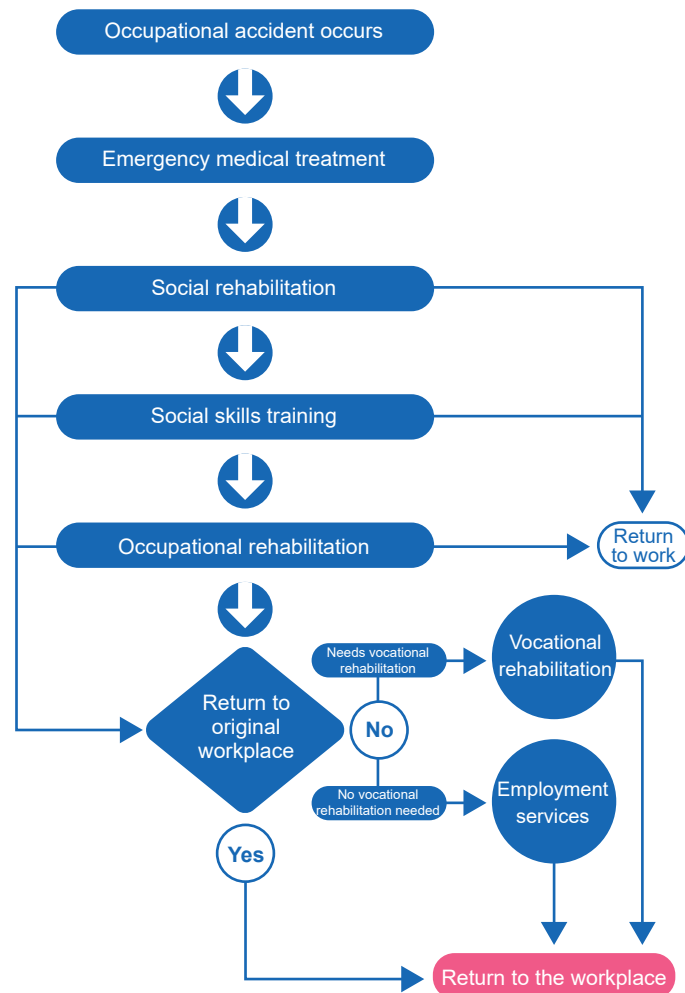

Situations workers may encounter
due to occupational accidents
(From seeking medical treatment
to returning to work)

" Workers in an
occupational accident,
take a look here "

" Employers,
take a look here "

Occupational rehabilitation subsidy

Subsidies will be
provided based on
the actual number of
training days after
training is completed
(Maximum of 180 days
per person)

Subsidy
standard

Daily allowance standard (60% of the first grade in the Table of Grades of Insured Salary divided by 30) × Number of days of enhancement training.

Employment subsidies for enterprises

Hire workers injured from occupational accidents with the disable level specified in Article 43 of the Labor Occupational Accident Insurance and Protection Act

and the worker with an occupational injury is

an employee of the former company with the employer's help to back his/her original job, or position adjusted, or place him/her for a suitable job.

or

an employee of another company

After having been employing the worker for 6 months, you may directly apply for subsidies from the local competent authorities!
